GLOBAL PRAYER & FASTING WITH PASTOR CHRIS - JANUARY 2026 EDITION GRAND FINALE

23rd January 2026, Thursday

Father, in the name of the Lord Jesus, we thank You for your grace, for Your love, for Your kindness, for Your presence with us. Thank you for the ministry of the Holy Spirit in our lives. Thank you for the written word, the Bible, these holy scriptures that you've given us. to inform us, to culture us, to direct us, to train us, teach us. Thank you. Thank you for the blessings that we receive from your word. Thank you for guiding our minds and our hearts in the things of Your *holy kingdom. And now again our hearts and our minds are open to hear and receive your word. We do so gladly with faith and meekness in the name of the Lord Jesus Christ. Amen.*

Pastor Chris Oyakhilome

I want to welcome you to today's program. It's day three. Thank you very much. It's day three of our global fasting and praying program for the month of January. But before we go into all the wonderful things of God today, I want to talk to you about building your spirit in God. You have a responsibility for the development of your spirit. Remember, everything that's offered you in the world is for your body and then, your mind but not even the excellence of the mind. Neither the perfection of the body will any of these from the world give you. And your spirit is for the most part neglected. And those who seek something spiritual often go to the wrong quarters to obtain them. the Bible. And I'm not using the term Bible in a generic way like some people say that they have their football bible, they have their tennis bible and they say they have whatever material guides them in one

thing or the other. They say that that means the Bible. Well, when I talk about the Bible, I'm talking about the Christian Bible that's got all the materials from Genesis to Revelation written by prophets and apostles of God. You can always ask either in the shops or get the online ones downloaded to your phone or your tab or even your computer. **You need to know the Bible.** You need to learn the Bible. **You need to find out more about life from God's perspective.** And the Bible gives you accurate information.

And listen, there's no religious material in the world that gives you the definite truths about God in our world, the history of the world, current affairs of our world, and the future of this world. It's all in the Bible. There's no religion in the world whose book gives prophecy of the future. There's none. Only the Bible. Only the Bible tells you about the future. for thousands of years. And think about it, most of those prophecies have come to pass in a most dramatic but most accurate way. So the Bible has been proven again and again to be truth, a compendium of truths. So I'm asking you to make up your mind to read the Bible. And one of the things we've done for many years now is to give you a devotional titled rhapsody of realities for your meditations and as a guide to studying the Bible and understanding the doctrines of Christ in the Bible. And we have rhapsody of realities for adults, for teenagers. And then we've got for early readers and kids. There's another one for the kids. We have these various categories.

And they come out every month. Like I'm holding in my hand now the January edition. January 2026. This is the current edition of Rhapsody of Realities. Use it for your spiritual education and edification. It's important for your life. And many ministers around the world are using this even in their churches. And many use it as a guide to their

sermons, to their personal studies. So get a copy for yourself and start studying it. It's important. In fact, once you begin, you'll discover you actually can't do without it. And we have for those with visual problems, we've got the Braille edition. Now, Rhapsody of Realities is in every known language of the world. That's the only book in all the languages of the world. There's nothing like that in the whole world. Think about that. That's the work of God. Making His message available to all generations. All the generations, contemporary generations in their language. It's one of the wonders of the world.

Nobody ever thought that was possible. But it's happening right before our eyes. And it's based on prophecy from Jesus Christ. Happening right before you even the blind has for them. That's amazing. That's amazing. The other materials here are the ones that give you information on healing like this is healing to the nations, a magazine with testimonies and articles inspiring articles on healing. And then we also have it for braille as well.

Another beautiful thing that I would like to tell you about these materials is they've been used as proof. They are inspired. Not only inspired of God, but the Holy Ghost, the Holy Spirit of God has his power in these materials. Just like the power of God was transmitted through handkerchiefs and aprons in Paul's day. The Bible says wherever they were taken and given to the sick or demon possessed, the demons went out of them and their diseases were healed. Exactly the same things that have happened with this and more and more. Would you think about this? More than 100 people in various countries have been raised from the dead with these materials. Think about it. And it keeps happening. Keeps happening. Just keeps happening. And many have been healed in tremendous ways. The blind have received sight. The deaf have had their ears unstopped. The dumb with the

tongues loosened and the lame have walked. These are the credentials. These were the things Jesus said the disciples of John should take back to him to let them know the Messiah was there. He said, "Go back and tell John what you see and hear." He said, "Tell John, the blind receive sight, the deaf hear, the lame walk, the lepers are cleansed, the dead are raised up." Exactly the same things. So I counsel you to get these materials for yourself. Get them for yourself. You can find them in all Christ embassy churches and many churches that are affiliated to us one way or another all around the world. and then go straight to the Rhapsody of realities website and download your digital copy or else ask for physical copies to be mailed to you and to be sent to you. **So prioritize the development and education of your human spirit.** It is important. It's important.

So, I want to talk to you about a few things and then we get to praying because this is a prayer and fasting program. We fasted again today as we did the previous two days. And our gathering now is to pray together and use our faith to do big things.

Yesterday I mentioned a couple of things. And I also did say I wanted to talk to you about AI, but I want to discuss that more fully because when I was speaking yesterday, I think I took more time than I wanted to because I really wanted us to pray. So, I don't want to go into those details, but next month when we're having the YLWS, I'm going to give you some important details about AI. But on the preliminary subject of it, I would say to you, you would need to be very careful. What AI platform you are using because you may not realize that all they have done is to put information together and program them to give you what kind of information they would rather have the AI give to you.

Chat GPT for example is one of the biggest liars and it draws most of his information from all the lying voices you already have. It’s a conglomeration of mainstream lamestream old media. So that's actually what you have for Chat GPT. So if you want to be listening to all the CNN and the BBC and the WHO and what do they call them, the WEF, and so on, these crazy organizations. So if you want to be listening to them, chat GPT is it. It just pulls its information from there. So it's not one of the great ones. It's just that it came out early and popular. So if that's what you're using, you need to think again. especially in important matters. Now, of course, if you're asking 2 plus 2 is 4, Chat GPT can do things like that.

Simple information you don't really need to go to AI for, can give you. But generally, just realize you're at a risk if you're going to be depending on Chat GPT. If you really want important scientific information or even true historical information because it gives you its own with a skew. So think about it when you really want good information and I've tested them and questioned them.

Currently I would say that Grock is far more truthful than Chat GPT. I put the two of them to test and GPT was lying to me. I said, "No, what you're saying is not correct." And on several occasions, he apologized that I was more accurate because I caught him and questioned him very seriously. I said to Grock, thank you for your unbiased information. He was very happy. Now, I want you to notice my language. Notice I didn't say it. I used personal pronouns. That is significant. I must tell you something very significant. And I'm going to discuss that with you during your loveworld specials next month. Don't miss that because it has to do with today and the very near future. Very near future. I want to explain to you how AI has gained personality and the significance of that. And I put it this way. It has

gained personality. And what do you mean it has? That's part of what I'm going to explain to you. It has gained personality and escaped. Which means it's too late. You can't destroy AI that has gained personality and escaped. Escaped. Yes. to where? I tell you next month. So, you get ready for the information I'm going to give you. You are dealing with a monster right now. So, when I say AI, there is the AI of the different platforms. And I just analyzed a couple of them a moment ago. These are platforms. But then there's the AI that I said has gained personality and is out to recruit others and is recruiting others. What does that mean? We'll discuss. So get yourself ready and understand the world is dealing with something that's already in the Bible. The Bible does tell us about AI and I'm going to show it to you from the scriptures. Get ready.

There's no major thing in this world that has escaped the eyes of scripture. No major thing in this world, no major thing that has an effect on this world or that should or will have effect on this world that the Bible doesn't cover with clarity. So when I tell you it's in there, get ready for I'm going to show it to you.

And then the leaders of several countries are currently in Davos and their conference should be finished maybe by tomorrow. I know it's not like what was expected. They just gathered to ensure they had it this year. But one of the reasons in fact a major reason for the European leaders particularly who are currently without uh without a direction, without compass. And what has united them so far sadly is their appetite to fight Russia.

Why are they so against Russia? Because they've turned their own cities to slums through their replacement ideology that was imposed on them through organizations like the WEF and other globalist

extremist organizations both in Europe and the United States. So their cities have turned to slums. You go to Russia and Russia is beautiful. So that angers them and they don't want their people to see what they've done, the terrible leadership they've had. They've destroyed their countries. Most of the European cities look archaic. They look ancient. They look old and worn out. And then Russia looks beautiful. I think you should consider visiting Russia. Yeah. Tourism should be directed towards Russia now. And let's see what happens with the Europeans. European leaders who have lost their compass. They don't want you to know what's happening in Russia. So all they keep saying is Putin is doing this, Putin is doing that, Putin is doing that. So many lies. because as far as they're concerned, you're supposed to hate Russia. And if you are in Russia, if you're angry at your country, go and visit your next door neighbors. You happily go back. No, I wasn't paid for this advertisement. I'm just telling you what is true.

I'm telling you why they're angry in Brussels, why they're angry in Berlin, in London, Paris, Amsterdam. They're angry in all those places. because their cities are old. And they're replacing their own people very quickly with this migration pro program for replacement with the hope that they can keep winning elections with that. They're doing a terrible job. **So when we pray today, pray for those European leaders to stop being jealous and develop their countries and return to sensible leadership.** Pray for them. Pray for them.

They had previously been misled by Klaus Schwab of the WEF, but since he's been sacked, I know they visit him privately, but his day is over anyway.

2 Corinthians 10:3 *For though we walk in the flesh, we do not war after the flesh.* He didn't say we do not war at all. We just don't do it with human weapons. Let's look at it from the AMPC.

3 For though we walk live in the flesh and human bodies, we are not carrying on our warfare according to the flesh and using mere human weapons. Next verse.

4 For the weapons of our warfare are not physical. They're not weapons of flesh and blood, but they are mighty before God for the overthrow and destruction of strongholds.

- Make no mistakes about it. We are fully armed with weapons that the world knows nothing about. If you want to know more about those weapons, find out how the walls of Jericho fell down. Read the scriptures. Find out how the Red Sea was divided for the children of Israel to cross on dry ground. What power was that? Look at the next verse.

5 In as much as we refute arguments and theories and reasonings, and every proud and lofty thing that sets itself up against the true knowledge of God, and we lead every thought and purpose away captive into the obedience of Christ, the Messiah, the anointed one.

Blessed be God. Hallelujah. And so, we're going to pray in the Holy Ghost. Can I have the nations in that map again? The world map. I sometimes ask who was so smart to design every country as it is like this with their borders exactly like this. That's another day's discussion. But for representing the countries we want to pray for, it's best. You think they use satellite. No. Before they knew anything about satellite, they had it. So let us pray for the nations of the world.

But I said first we're going to pray in tongues. We're going to pray in the spirit. Pray a lot in the spirit. **Then pray for every country**, every country. **Pray for peace and prosperity for the nations. Pray for their leaders to give attention to their nations.** And **pray that they be not deceived by those who would rather destroy those nations.** And **may God deliver the weak nations from the more powerful nations that rob them that steal from them and impoverish the people.**

Poverty is not from God. No, it's not. Poverty is man-made. You have to know that. Poverty is man-made. So, let's begin praying right now and pray for the nations. Pray in the spirit first. And haven't prayed in the spirit and pray for the nations.

[PRAYER SEGMENT]

You know, we're still in the spirit of prayer. You know, I was um meditating on some things and I was talking about Russia a moment ago. Do you realize that years ago Russia was like a no-go place because it had a lot of anti-Christian stance and Christians around the world were praying interceding for Russia. Then it was USSR—communist Russia. It was the prayers of God's people that brought about a turnaround in that nation. First, it was actually by the power of God that saw the dissolution of the USSR cause no matter how you look at it, the structure was such that it was being built on very anti-Christian policies and eventually crumbled. Some of you may not know this, but go and listen to their speeches.

The current president of Russia is one of the major defenders of Christianity today. How many leaders of European countries defend Christianity publicly? How many? That's the thing that has distinguished some of the leaders very clearly like Trump Donald

Trump the president of the United States for example and then the president of Victor Oban of Hungary. These are bold about defending Christianity. And if you don't think that is important, you better realize it is important. It is important. Some others are Christians, but they don't boldly defend Christianity and the tenets and values of Christianity. Some are answering Bible names but doing very anti-Christian things in their countries and even persecuting the churches. So don't be deceived. So I'm not looking at the politics here. I'm looking at what glorifies God, not what makes you happy. What glorifies God. So if you're there and you don't like the stand that we take in things like this, I'm just letting you know what governs our thinking and the direction we take is the love of Jesus Christ. If you show him love, I support you. If you make mistakes, I pray for you. You see the difference. I want you to understand the difference. So they may make mistakes but we pray for them. Why? Because they love the Lord. But if you don't love the Lord, I highlight your mistakes and pray to God to remove you because of the people that are destroyed by bad leadership.

I talked about what's happening in one of the states in the US yesterday. That's bad leadership. So it's important you better know that such things are important when you come into a country you want to see the signs of the fear of God. Number one is that the churches are able to serve God in peace, not the government going after them. You want to know how are they living for God? Are they free to express themselves before the Lord? Those are the things that make a nation truly great. Because the greatness of a people or rather of a nation is their people. What are they like? What do they know about God? How are they free to serve God? How are they free to serve God?

That's number one. But where they send out the police to be hounding you, going after worshippers, preachers, pastors. That's not good. That's not good. It is usually one of the signs of a crumbling government. Such governments don't last.

Pray for the churches of Christ around the world. Pray for them. God's people all over the world and the leaders, the pastors, the ministers of the gospel around the world. Pray for them right now. **Pray for them as they walk in the grace of God.**

Pray for them to fulfill their calling. Pray for those who are facing persecutions that God will strengthen them. **Strengthen their faith and their faith will not fail no matter what they go through and the Lord will intervene in their situation.**

[PRAYER SEGMENT 15 MIN]

I was also thinking that we pray for young ministers. There are many young ministers of the gospel as well young pastors and evangelists, young ministers of the gospel and we know exactly the kind of challenges that young preachers have because we've been there. And it's important that somebody's praying for you. It's important so I want to pray for ministers of the gospel all over the world and the churches speak God's word just like we've prayed.

We were in a conference, a prayer conference and I was asking those who had been to several major cities in Europe. I said, "Which one was most beautiful? Cities in Russia versus cities in other major countries in Europe? Please tell me. Every one of them said Russia. Every one of them. Every one of them. And you thought the same. You've been to several cities in Europe, different countries, and you just came from Russia. You thought the same yourself. That's why they want to fight

them. Not because of Ukraine. Ukraine was said to be one of the most corrupt countries in Europe. Before the war, it was one of the most corrupt countries, not because the people themselves were so corrupt, but they were corrupted by leaders from the United States and Europe. They corrupted them. A lot of bad things happened. So when we're talking about these things, we're looking at it from a bigger picture. All right? We're looking at it from a bigger picture and looking at God's plans, God's purposes. This is the day for Russia. This is the day. This is the day. And one of the things they did years ago and partly what they're still doing now, I mean the western media never show you beautiful cities in Russia. They will go to the Eskimos and show you people dressed in winter in Siberia. Those are the kind of things they show you to depict Russia. They never will show you the beautiful things. They won't do that. But that is part of the corruption. So visit Russia yourself. You'll be glad you did. They are very warm and they love God. You go there, you see the signs of Christianity all over the place. >> Hear from Reverend Tom.

[PRAYER BY REV TOM FOR YOUNG MINISTERS]

Thank you, Lord. And you know, we're getting ready for healing streams in the month of March. So, every day counts now. Every day. And we have amazing translators all over the world. Think of it. This is the only program you have in the whole world that's translated to every single language in the world. That's amazing.

So, it's coming up Friday the 13th of March to Sunday the 15th of March. Planned for it now. It's going to be wonderful. It's going to be big, huge. Power of the Holy Ghost like never before. And many of you will be gathering in mass, you know, in major crusades. Start working towards that now. Some of you in your homes, some in churches, in large sports arenas, wherever. But start planning now. I pray the Lord will give you favor in all things and all grace will abound towards you and give you everything you require to be prepared for it because it's going to be one of a kind. I want to show you highlights from a previous edition and I believe this will bless you tremendously.

[HEALING STREAMS PROMO HIGHLIGHTS]

That was amazing. Can we just pray for those who are sick all over the world? Let's just pray for them right now that the mercy of God be extended to them wherever they are. Pray for them. Pray for them all around the world. Some are sick in the hospital. Some are in their homes. Some have nobody to help them. Just pray for them right now. pray the mercy of God for everyone that's sick, everyone that's afflicted with disease, with some infirmity. May God's mercy be extended to them today, Thank you, Lord. Hallelujah. Praise God.

Well, we've come to the close of today's program and our fasting and praying program for this month of January. We will be fasting again next month and we'll announce the date shortly. During the communion service we'll announce the dates. So thank you for being a part of this and I pray the Lord will bless you immensely. We're going to give our offerings right now. In closing, I pray the Lord will bless you in your giving, multiply it back to you in a great harvest in Jesus name.

LOVEWORLD SINGERS: THESE LAST DAYS BY OGE
