DAY 1 26TH MARCH, 2026

Rev Chris Oyakhilome DSC DSC DD

I want to welcome you to today's program and we've got three programs compressed together in one.

As God's children, we do have responsibility in our world, as the body of Christ we have responsibilities in the earth. God has a purpose for us being here.

As a Christian, you're not living for nothing nor living for yourself either, nor living for your parents or Nation; you live for God.

2 Corinthians 5:14-15

You no longer live for yourself but for Christ, you live for His glory.

So, every day that you live in this world, you carry that vision in your heart that you're living for him and so

whatever you must do to promote his agenda is what you do.

He asked us to pray because He intended to answer.

1 Timothy 2:1-

We often stress a part of it that is very important and that is verse 2.

In the Old Testament, they had one king in a Nation.

The purpose of prayer in verse 1 is found in verse 2.

Whenever the church veered off its responsibilities of prayer and soul winning: they lost control.

Control isn't about the politics and earthly government; it's spiritual.

There is hardly a Nation in the world today where there is so much persecution of Christians, hatred of the church, that didn't years ago have strong Christian influence; but things changed because God's people lost their vision.

The scripture warns us not to let that happen. . . Because many turned their attention away from prayer and the ministry of the word, it was easy for Satan to take over such lands.

It is very easy to make the necessary changes, all you have to do is make up your mind that that is what you want.

Vs 2

The necessary results of prayer in this way for those he asked us to pray for is a quiet and peaceable life.

A lot of times we want those results but we don't do what God has told us which will give us the results.

You can pray and cry to God to save your soul, you're never going to get saved that way.

You can be honest, crying and weeping, but that isn't going to save your soul.

It isn't a question of God being hard, it's a question of you being ignorant.

Acts 10 - the story of Cornelius

The man with all his good works and prayer wasn't saved, even with the angelic visitation he still wasn't saved.

If Cornelius wasn't saved with all of this then your crying will do no good.

You can weep over your sins and cry, all that won't change a thing because He has given us words by which a man should be saved.

It pays to follow God's word and plans.

Romans 10:9-10

If you believe and you confess with your mouth, you're saved.

Everyone can believe because the human person is a spirit being.

Every human being was designed by God to have the capacity to believe; there is nobody that can’t believe.

Believe is a verb which means that you can hear, or learn something, accept and endorse it and act on it as though it were true.

When you truly believe, your all expression of it will bear a testimony to the faith in your heart.

You felt close to God because you prayed, but now you don't feel that close because you said something nasty to someone or thought ill of someone... Where is your salvation, it's gone because it was founded on your feelings.

That is the reason your salvation and faith must be based on God's word because that is the only thing you can hold on and that is the only thing He will be looking at... Your faith must be anchored on His word.

No matter what happens or the feelings you have, God's faithfulness to his word is guaranteed and you are resting your hope in His word.

The most beautiful thing in the world is the power of faith, to be able to trust in God's word.

Even if you don't know how to read and you received salvation, the spirit of God will bear witness with your spirit that you're a child of God.

And once that witness is there, that witness starts leading and guiding you is the voice of God in your heart.

The day you get to hear the scriptures read; your heart will bear testimony that the scripture being read to you is true.

The word of God is light and when that word gets into your heart, you'll know it.

1 John 5;11-12

You've got the witness in you.

Romans 8:16

Hebrews 4:12

There is an inward man that isn't seen with the optical eyes, that's the real you. And in that inward man is where you have the soul and spirit.

When a man comes out of his body, he doesn't know he lost a thing; like you take off your jacket.

Man doesn't live by his brain and senses.

The Magnum opus of Christ is the most exceptional thing in all the world which is the perfection of the human person; is only found in Jesus Christ.

In that pursuit of that great philosopher stone, they were describing the chief corner stone.

These few days we are going to be interceding as God asked us to; if we follow his instructions and guidelines, we can always get the results.

1 Timothy 2:1-2

Instead of crying for peace, just pray for what He told us to pray for and peace will result.

Pray for your city and Nation. It is His instructions, if you don't then you're giving the opportunity for satan and his agents to run rampage in your country.

We let it happen before and that was the reason for Covid.

The Globalist agenda is currently dead, currently they have no compass and direction.

God said those who dishonor him will be lightly esteemed.

I warned you about the Covid vaccines and thank God I saved your life.

Video Playout of Covid Jab Injuries

The GOAT is the symbol of satan according to the bible.

Using the word GOAT for Greatest of all times is symbolism, it is not praises, they're initiating you.

The CEO of Pfizer said he hasn't taken the vaccine and he said he wanted to allow those who needs it to get it first... He didn't take it because he knows what was inside.

We showed you in 2020 two guys who were responsible for infecting many South Africans with HIV, they lured them to go for some kind of tests.

When they say the Covid vaccine were not well tested, a thousand times no... The miRNA vaccine was tested to be sure they were destructive as they became.

Documentary on JABBED TO DEATH

Autism has no other cause but from vaccines, directly or remotely.

Ephesians 6:12

He is letting you know that the enemy aren't humans: the principalities are not flesh and blood.

The United Nation has never settled a war or dispute among Nations.

Spiritual wickedness in high places - terrorist, mass killings, such destructive acts, no human feeling... These spirits rules over regions and position themselves in the heavenly and control demons who carry out their activities around the world.

God has told us in His word what to do

Ephesians 6:13

Vs 16

Our faith as a shield is used to quench the fiery darts of the wicked, we have something better than the iron dome.

Vs 17-18

Praying in the spirit will energize and weaponize your prayer.

Luke 9:1 KJV,

Prayers

GLOBAL DAY OF PRAYER

DAY 2, 27TH MARCH 2026

REV CHRIS OYAKHILOME DSC DSC DD

Jesus told us to watch and pray

He also said "let no man deceive you". He wanted us to be watchful.

And also, for us to stay with the truth, He sent us the spirit of truth to lead and guide us: The holy Spirit.

He will teach us all things, guide us into all truth, reveal the future to us. These things are so important: that's why every Christian should have the Holy Spirit.

He will also remind you whatever Jesus said to you.

When He tells us to watch and pray, He expects us to know the things that are of God and things that are not of God.

And the prayer He tells us to pray is not the prayer of asking God to give you this and that.

Watch and pray so that you can not only be on your guard but you can be a guard and guide: you will help others from their confusion and lack of knowledge and show them the good and right way.

I want to show you a documentary that shows you some of the things going on in our world. I told you about the plan to make water a scarce commodity. it doesn't stop there. Even the air you breathe. Some people were given the job. So, when you hear them talking at the WEF, it's because they were given an assignment to come up with solutions for the new economy.

How can we redraw the map and how can we make money from water and clean air.

Those individuals took up the assignment and began to commit themselves to economic thoughts of foolishness.

At the end they didn't realize that those who gave them a job to do were actually paying them to change the world. It's not about economics, it's about control.

Same way the COVID vaccine had nothing to do with health; it was never about Health.

The UN is a captured organization.

What do I mean? find out who are the man or donors to the UN, not the countries.

The individuals and organizations who are donating to the UN and for what purpose?

What are the things they present?

So, if you think it's an international organization for all of us to be part of, you are deceiving yourself.

It is a captured organization and they do need to be called out.

I did say that the current Sec Gen needs to resign because he is lending his voice to ideas that are destructive to members of the UN.

He is not qualified to be there.

They want to ration your water.

Already, there are many places where they don't have clean water.

We should be talking about producing clean water and for it to be free.

But they want to make it even more expensive and even more scarce

Now they want to tax air.

You are being taxed for being alive.

The trouble is: they are not the kind of taxes that go to your government to provide certain services.

No. These are ideas presented by private organizations. It is the privatization of water and clean air.

When you study the Bible and read the books of the prophets and the book of Revelation, you will understand why these things are being planned and will be done.

But the church of Jesus Christ is given power to restrain them until the appointed time which is not now.

It fits in the period that Jesus called "The great tribulation". Jesus said there would be so much hardship that it will be difficult to live in those days.

Tribulation like the world has never seen.

A time when men will seek to die and not find death

Imagine if those things are brought upon the world at this time; they are a part of judgement.

it all comes to "The day of the Lord" for so much evil had taken place in the world and many will practically endorse the antichrist who will be controlling several nations at that time.

Documentary: The Water control Policy

It's a painful reminder of the wickedness, greed and selfishness in the hearts of men. You wonder how come they can think of things like these without a conscience.

Those who help them with these projects (willful collaborators) don't think. it's like they've been bewitched.

It's like the news media and how a lot of the journalists were swept along with the covid debacle. Many of them died with those vaccines because they used their influence on the screen to mislead. But they were not thinking right. they were ignorant.

Same with many Christians who were following them without knowledge of the scriptures.

He already warned about these and indicated to us what time it would happen; when the gray deception would begin.

That's the reason the spirit of truth was given that we may know the truth and live by it.

If you have the Holy Spirit, you shouldn't have a problem knowing the will of God. You should be in a church where the word of God is taught. Don't just stay away and stay home hoping to hide from the problems outside. We have to take action.

Looking at some of the things we just saw, you could be amused by them like "water patrol". But if you don't do anything about it, it could come to your city.

There are those who would argue that this is right because they are not thinking right.

They don't understand what should be a human right.

When you ration water, what about those who can't pay for it? should they die?

How about clean air? They should pay for it as well?

With the COVID Vaccine, it was a software installed in your body. I didn't make it up, it was in their website. And the fake boosters was to prepare you for when they will install the applications. Then they can introduce into your body, your expiry date.

It was all about control: making you what they want you to do, or else...

It's all in the Bible.

Pray for the Nations of the world to not be deceived and lured into this foolishness.

Remember the garden. The forbidden fruit was made to look good to make one wise. And Eve was lured by it. The serpent told all the nice things and she thought "that was wonderful". Adam was right there. And after they both ate it, they found out the glory had departed.

Don't let it happen to you.

The only way to keep such evil from happening in your city is by doing something about it. it doesn't matter how many protesters march on the streets. It is our words that put a stop to things.

We are going to pray and make sure Satan does not have his way.

Pray for leaders of your country and your city.

We heard about water laws in the USA. The southern states have the worst water laws. you have to understand their ideology to know why they are described as leftists.

So, it matters who is in office in your state and your city.

Don't let them sweet talk you into accepting promises; they don't keep their promises anyway.

While we pray for leaders of Nations, also pray for the Nations at war. There is still war over Ukraine. To solve it is very simple but the European leaders don't want the war to cease. They are the cause of the war and the ones misleading Zelensky. He isn't supposed to be the President of Ukraine anymore but the European leaders are using him.

They don't want the war to end because of their self-interests.

There is also the war in Iran.

It's important to look at the actual cause of the war.

Some say they found Israel somehow dragged the USA into it.

Do you know for how long Israel has been fighting for its own existence? If you had Iran declaring you have no right to exist and you are a small country and they are developing nuclear weapons and everyday announcing that they will wipe you out of existence, would you wait for it? No Nation has been more threatened than Israel. and their land mass is so small.

Several attempts in History have been made to totally annihilate them.

Your personal hatred of the Jews is demonic. Even Israel says they don't mind the Palestinians staying where they are but they don’t want them to exist as a nation state because they will open the door for other nations to annihilate Israel.

They tried and made offers to the Palestinians to coexist

But make no mistake about it, the Bible cannot lie. At the end of all nations, Israel will remain. When all these nations perish, Israel will continue to exist. It will see the end of all its enemies. It's in the book.

It's no use following a foolish argument.

God is wiser than man. Better line up with His thoughts or you are a fool. It takes foolishness to go against God.

It was up to him to bring a Savior.

It was up to him that Jesus would come from Israel...

Are you wiser than God? Who do you think you are? Humble yourself and learn from the book of wisdom.

Your foolish talk and foolish pride hasn't helped you all these years; will never help you… So humble yourself.

Prayer session.

GLOBAL DAY OF PRAYER

DAY 3, 28TH MARCH 2026

REV CHRIS OYAKHILOME DSC DSC DD

Welcome to today's program, Nations of men shall proclaim Jesus Christ is king on the throne.

The beautiful thing about us praying is we don't pray for nothing: we don't pray as a form of religion. When we pray God hears and He answers.

Prayer was always God's idea not man's idea; He told us to pray because He intended to answer.

Right from the beginning, it wasn't Adam looking for God, it was God calling out to Adam.

Sinners weren't looking for him, He was the one searching for them and He sent us to seek the lost and we're still doing it.

God needs us to pray because He has given man authority in the world and He needs us to give Him the legal right to act for our good and intervene in man's circumstance.

Romans 10:13

Throughout the scripture, the principle is the same.

He says ask and receive that your joy might he full.

It is not your place to say how God should do it because your finite mind cannot tell how he must do it. He knows it far better than you and always wants to help you.

All He is even ask for is your trust and faith.

Mark 9:23

Why does God need you to believe? Because your believing activates your spirit.

When you believe God, your spirit is activated to respond to God.

John 4:24, Roman 10:10

When you don't believe, you're not connecting to God. Your believing establishes a connection with God.

At that point, you're connected to infinite resources.

When we pray like this, He responds to us.

1 Timothy 2:1-

It is God who is telling us how to pray and who to pray for.

He gives is these four different kinds of prayers to be made for all men. When you pray for others, they're going to get what you are praying for them for but you also get blessed.

In your life, who are those that are in authority? Pray for them and you get your own blessing for praying.

Vs 2

This is the reason some of us can be an Oasis in a troubled world.

If you don't pray, you are going to get into trouble selectively.

Why should you have a quiet and peaceful life when you didn't do what He told you to do?

When the church is praying like this, get involved and pray.

There are somethings that are happening in our world and they're happening maybe silently and many don't know those things are happening.... It's a seizure of children in several countries.

Man wasn't made for laws; laws were made for men.

If laws are enacted that aren't good for the people, they must be abrogated.

Understand that some people sponsor bills for their own selfish agenda.

Law requires fairness.

Many of these cases are based on the premix that the government owns the children not on a safe the situation premix.

Children are seized on the basis of religion but they don't agree that that is the reason but you must look at the statistics.

The use to be Christianized Nations in Europe are guilty of this.

We must realize that these social workers who take children belong to some clubs.

We need to look at those social workers department who seize children from parents; a lot of the reasons for taking the kids are frivolous.

When you are at your wit's end, there is someone who can help.

Praying about the seizure of children in Europe

Yesterday I showed you a documentary about an important information on what is going on with water, the plan to turn water into a commercial product so it becomes part of your balance sheet.

Water is supposed to be free for everybody and anyone that is trying to control water by selling it is already excluding some people because we already know there are those who won't be able to afford it irrespective of the cost.

And the idea that that water from all sources must be under the government control is a terrible thing.

We can get water from the Air.

The bible is true and it gives a timeline for the world; from the beginning to the end.

It tells us all we need to know about man's life on earth.

The wisest thing for man to do is to find their purpose and fulfill it.

To know your purpose is to know your timing.

Jesus knew His purpose and timing.

In your own interest, find out what the imported bottle water contains: if it contains fluoride, you have been drinking poison.

One of the biggest causes of cancer is fluoride.

If they don't get you with the vaccine, they get you with the fluoride.

Conspiracy theory itself isn't a bad thing; those who don't want you to theorize on conspiracy are the very perpetrators and conspirators of evil; they don't want you to be intelligent enough to ask questions, to reason and analyze information.

You must be able to question and make assumptions. But when you theorize after analyze, they say you're dangerous.

The perpetrators are doubling down on the need for vaccines and they're vaccinating cows and chickens and

hoping somehow you will get the miRNA vaccine through the cows and chicken...

Documentary on Vaccinated Vs Unvaccinated

Save the kids and stop vaccinating them; and if you are still asking the question should I vaccinate my child, then you're not paying attention...

The world in which we live is a little bit of a complex one but God has given us light to walk through the darkness.

His light is his word and if you have his word in you, you're lightened.

Let the word of God gain the mastery over your mentality, think God's word and thoughts.

Be wise as a child of the kingdom of God.

Be wise unto God.

Don't use your brain to reason out God from your mind.

Jesus said in John 17:17 - Gods word is truth; truth is reality

Reality isn't communicated to for senses.

Jesus is the true light; this is important because through Him you know what life to live, what choices to make.

Corn is a major cause of heart problems that many are suffering; the corn they use is not the real corns.

If you are standing against forces like this, you must come against them with an higher power.

Matthew 16:18

Documentary on THE GATES OF HELL SHALL NOT PREVAIL

1 Chronicles 22:6-9

Solomon wasn't yet born but God spoke concerning him.

It is important to know the times and seasons; know what is supposed to happen.

It is important for us to know concerning the church age what God expects.

The church has come to manhood, has come to the place that God wanted it to come to and be able to exercise the rights of sonship.

We have come this fat not to be put under but to exercise our rights in Jesus Christ.... That's where we are today and that is why He expects us to watch and pray.

This is our day.

God has given his church rest, peace, quietness with power.

Persecution comes from different angles and God didn't say when the church is persecuted the church won't win... It was persecution that led to Paul and Silas being put in jail.

DAY 4, 29TH MARCH 2026

REV CHRIS OYAKHILOME DSC DSC DD

I want to welcome you to this very important session of our Global Fasting and Praying.

Ephesians 6:10-

We are dependent on His might, His divine ability

Vs 11-12

God tells us we're not dealing with flesh and blood but spiritual forces; not the humans that we see who are more physical agents.

The real enemies are spiritual.

Vs 14-18

2 Corinthians 10:3-5

The forces we are dealing with are not flesh.

We got weapons but they're not carnal and they can do a lot.

THE IMPORTANCE OF THE WAR IN IRAN

Apart from what the Holy Spirit guides and tells us concerning anything and what the scripture tells us; we can also know the seriousness of a thing by the enemies reaction.

The current push by the United States is to tell you what is happening in the realm of the spirit.

They plan to create a situation through the Iran war that doesn't end but lead into a global fiasco because they need a reason to come in.

The reason I am bringing this up is because I want to talk to God's people, we can't play quiet the way we did with the Ukraine way... The reason why the Ukraine war has lingered is because most of us while praying in a general sense didn't do enough... We did not get in the war.

What satan and his agents have done is to join the war.

We have to join the war spiritually... I am calling for a 7 days fasting and praying.

We have to get into it in the realm of the spirit, we need to bring this war to a conclusion and not allow the Globalist take a hold of it and use it for their nefarious plans.

Already the war is affecting prices in different countries; that is the smallest part of the impact it could have if it is prolonged and make no mistake there are those who will not like the war to end but we won't let it happen.

There is a world war that is to come but it isn't now...

Documentary on THE ULTIMATE TOY

In 2020, when I told you they were planning to come up with a vaccine which they already had and were pretending they were working on it.... They were lying

If we keep quiet and let this thing escalate, the programs you're planning, you won't have them again.

In some countries now they are rationing fuel and maybe things resembling lockdowns may be happening.... It's the same playbook.

In our world today, the name of the Lord Jesus Christ is greater than all.

Ephesians 1:19-23

We are full representatives and representation of Him in the earth today.

As long as we are here, He is here.

Mark 16:15- NIV

Romans 8:19-22 NIV

We're to preach the gospel for the liberation of the creation.

The first Adam brought pain but the second Adam brings the liberty.

You must be careful about Bill Gates meat...

Cancer is uncontrollable cell production/reproduction or multiplication in the body; it grows and become enmass until it kills its host.

The DNA sequence is such that it knows how the cells that are supposed to form the ear should form the ear and when to stop: they don't continue multiplying. As you grow there will be changes, there is a replacement over time every 7-11 years.

When you alter the DNA, it will change that person.

Documentary on the GMO SUBTERFUGE

Romans 1:26-28

When people become gays, they hate the word of God, the despise the bible.

Don't let anyone deceive you that it is natural, it isn't.

The bible is against lesbianism and gay, you can't believe the bible and exclude this.

Vs 29-30 MSG

Bill Gates comes from a family line of eugenicists, and he is a proponent of eugenics.

Someone who says the world population needs to be brought closer to zero, if he is producing meat, you want to eat it?

There was no measles until the measles came; in many societies until they took the vaccines there, those people never had those problems.

WE ARE ABSOLUTELY UNBEATABLE BECAUSE WE HAVE COME TO OFFICE.

When we were younger and God was waiting to raise us up, they went after us because we were using their stations... Well, I have my own air, you can't take me off air anymore.

Climate change is a hoax, it's a deception for manipulating poorer countries.

God sent me to save your life that is why I am bringing you the word.

Prayer Session
